# SUBJECT INDEX

- Accreditation, for breast care nurse in Australia, 122
- Adapted Symptom Distress Scale-2, 49
- Adjuvant systemic chemotherapy, acute menopause symptoms during, 430
- Adolescent cancer survivors
  - clinical profile for, 247, 337
  - pursuing postsecondary education, 468
- African-American men, prostate cancer screening among, 117
- African-American women
  - beliefs about breast cancer and health locus of control in, 268
  - sociodemographic predictors of adherence to cervical cancer screening in, 350
- African-Americans, recruitment of into clinical trials, 444
- African cultures, influencing cancer pain management, 91
- Age, in colon cancer screening, 109
- Aging processes, in intimacy and sexuality for women with breast cancer, 230
- Ambulatory setting, research nurse role in, 286
- Anger
  - cancer and, 344
  - suppression of, 344
- Antecedents, consequences and, 12
- Anxiety, in cancer patients, 32
- Asian women
  - cervical cancer screening among, 168
  - Islamic, breast self-examination in, 64
- Assessment, perception of caring in, 32
- Attending, types of, 20
- Attitudes, influencing in cancer pain management, 55
- Australia
  - breast care nurse in, 122
  - needs analysis of education program in, 186
- Autologous bone marrow transplantation
  - caregiver quality of life after, 193
  - coping strategy program and outcomes of, 277
- Barriers, to cervical cancer screening among Korean-American women, 168
- Beliefs, in cancer pain management, 91
- Bile ducts, malignant obstruction of, 128
- Biomedicine, for pain and nausea in hospitalized cancer patients, 237
- Blocking behaviors, in nurse-patient interaction, 20
- Bone densitometry, in menopausal women, 176
- Bone marrow transplantation
  - caregiver quality of life after, 193
  - coping strategy program and outcomes of, 277
  - interpersonal needs expressed during, 462
  - oral care standard for, 40
- Breast cancer
  - beliefs about among African-American and white women, 268
  - coping strategy program and outcome of autologous bone marrow transplantation for, 277
  - incidence of in Asian women, 64
  - influence of uncertainty in illness, stress appraisal, and hope on coping in survivors of, 422
  - information needs of adult daughters of women with, 71
  - intimacy and sexuality for women with, 230
  - lived experiences among women with, 6
  - menopause symptoms during adjuvant systemic treatment for, 430
  - perceived risk and help-seeking behavior for, 258
  - public health nurses in control of, 401
  - quality of life in women in, 416
- Breast cancer patients, as information providers, 71
- Breast care nurse, emerging role of in Australia, 122
- Breast health, in menopausal women, 176
- Breast self-examination
  - in control of cervical cancer, 401
  - in Middle Eastern Asian Islamic women, 64
- Brief Pain Inventory, in pain assessment of veterans with cancer, 327
- Cancer
  - anger and, 344
  - stigmatization of in adolescent cancer survivors, 468
  - survey of women on prevention of, 176
- Cancer care
  - nurse-patient communication in, 20
  - significance of fellow patients in, 382
- Cancer caregivers, sleep and depression in, 410
- Cancer education program, needs analysis of, 186
- Cancer pain
  - assessment of in Chinese context, 454
  - ethnographic study of factors influencing, 91
  - in hospitalized veterans, 327
- Cancer patients
  - empowerment of through self-help groups, 206
  - hope in, 214
  - significance of fellow patients for, 382
- Cancer screening
  - among older women caregivers, 109
  - barriers to in prostate cancer, 117
  - in menopausal women, 176
- Cancer-surviving adolescents, clinical profile of, 247, 337
- Cancer survivors, sexuality and, 477
- Caregiver burden, minimizing, 295
- Caregivers
  - colon cancer screening among, 109
  - education program for, 295
  - quality of life for after autologous bone marrow transplantation, 193
  - reactions to symptom management, 295
  - sleep and depression in, 410
- Caregiving, influencing cancer pain management, 91
- Caring
  - for dying persons, 151
  - perceptions of among cancer patients and staff, 32
- Caring Assessment Instrument, 32
- Caring behaviors
  - communication in, 20
  - perceptions of, 32
- Cervical cancer
  - public health nurses in control of, 401
  - screening for among Korean-American women, 168

- Cervical cancer screening
  - midwives working with, 392
  - sociodemographic predictors of adherence to in minority women, 350
- Character traits
  - of adolescent cancer survivors pursuing postsecondary education, 468
  - cancer and, 344
- Chart Audit for Pain, in-pain assessment of veterans with cancer, 327
- Chemotherapy
  - acute menopause symptoms during, 430
  - treatment stressors in, nurse and patient perceptions of, 371
- Chinese-American women, perceived risk of breast cancer and help-seeking behavior in, 258
- Chinese culture, cancer pain assessment in, 454
- Chinese patients
  - empowerment of through self-help groups, 206
  - meanings of dying at home for, 367
- Clinical profile, for cancer-surviving adolescents, 247, 337
- Clinical risk, concept of, 12
- Clinical skills, for breast and cervical cancer control, 401
- Clinical status
  - in cancer-surviving adolescents, 337
  - predictors of in cancer-surviving adolescents, 247
- Clinical trials
  - recruitment of African-Americans into, 444
  - research nurse role in, 286
- Colon cancer screening, among older women caregivers, 109
- Comforting strategies, in nurse-patient interaction, 20
- Communication
  - about testicular cancer diagnosis, 304
  - flow of to adult daughters of women with early breast cancer, 71
  - influencing cancer pain management, 91
  - interpersonal, during bone marrow transplantation, 462
  - nurse-patient, 20
  - as nursing research priority, 375
  - with women with breast cancer, 230
- Communication skills, nurse, 20
- Community, significance of fellow patients in, 382
- Community Scale, for breast cancer survivors, 422
- Complementary therapies, for pain and nausea in hospitalized cancer patients, 237
- Comprehensive coping strategy program, effectiveness of in clinical outcomes in
  - breast cancer autologous bone marrow transplantation, 277
- Concept analysis, of risk, 12
